New Section 8.3.2 Revised 4/17/2023

(If equivalent education was obtained outside of the United States, the applicant will be required to provide appropriate documentation.)

- 8.3.2 Each applicant must have successfully completed: (i) one full year of high school algebra (or its equivalent) with a passing grade, or (ii) one semester of post-high school algebra (e.g., Adult Education, Continuing Education, Community College, etc.) with a passing grade, or (iii) the *electrical training ALLIANCE's* online Tech Math course.
- 8.3.3 Each applicant must be able to work legally in the United States and provide a valid social security number. The JATC will not seek to verify authorization to work in the U.S. since that is the responsibility of the Employers during on-the-job training, but if the JATC learns that an applicant is not eligible to work and will not be eligible at the time of registration, the JATC may terminate the application.
- 8.3.4 Each applicant must be capable of completing all requirements of the apprenticeship program and performing the work required of an electrical worker, with or without reasonable accommodations, including being able and willing to:
  - 8.3.4.1 Safely perform or learn to safely perform the essential functions of the job;
  - 8.3.4.2 Get to and from work at job sites anywhere within the geographical jurisdiction of this Apprenticeship Program.
  - 8.3.4.3 Attend and successfully pass all related instruction;
  - 8.3.4.4 Understand and follow all JATC Rules and Policies;
  - 8.3.4.5 Push, pull, crawl, crouch, and work in confined spaces such as attics, manholes, and crawlspaces, lift 25–50-pound objects on a fairly consistent schedule, and use various hand and power-assisted tools to install conduit, wiring, fixtures, devices, and electrical apparatus within commercial, industrial, and residential buildings.
  - 8.3.4.6 Read, hear, speak, and understand instructions and warnings in English.
- 8.3.5 Each applicant must be a minimum of eighteen (18) years old at the time of registration, except that otherwise qualified applicants may be registered by the JATC prior to turning age 18 if permitted by state law.
- 8.4 *Written Examination.*
  - 8.4.1 Each applicant will be required to take the Aptitude Test prepared by the *electrical training ALLIANCE*. Applicants who do not qualify for Direct Interview or Direct Entry must receive a minimum passing score of "4".
  - 8.4.2 Applicants who qualify for Direct Interview or Direct Entry, and who are subsequently registered in the program, will be required to take the Aptitude Test, either before or after registration, to assist in placement and identify areas where they may require additional support.
- 8.5 *Direct Interview Qualification.* The applicants described below will not be required to obtain a qualifying score on the Aptitude Test or meet the requirements of 8.3.1 High School diploma or GED, or 8.3.2 math. If they meet all other minimum qualifications above, and the requirements below, they will be invited to an interview. These individuals must still meet all post-selection requirements in paragraph 8.7. Applicants are not required to apply through these methods and may choose to apply through the standard method of entry.

## Old Section 8.3.2

(If equivalent education was obtained outside of the United States, the applicant will be required to provide appropriate documentation.)

- 8.3.2 Each applicant must have successfully completed: (i) one full year of high school algebra (or its equivalent) with a grade of "C" or better, or (ii) one semester of post-high school algebra (e.g., Adult Education, Continuing Education, Community College, etc.) with a grade of "C" or better, or (iii) the *electrical training ALLIANCE*'s online Tech Math course.
